New Road is Formally Opened

To autoists, Thanksgiving Day of 1917 will live in memory as the day on which through their co-operation with sister automobile organizations the institution of a road over a more approved route than that of the Summit was realized.

The minister of public works, Hon. Charles Stewart, accompanied by the provincial secretary, Hon. Archie McLean, and Engineer Robinson and government roads inspector Alsworth, arrived from Edmonton by the morning train, and after meeting a large number of Pass supporters, were taken for a "jolt" over the road as far as the Harms flats and return. After lunch a large number of cars assembled at the Cosmopolitan Hotel, where they were loaded up with parties interested in the day's doings and proceeded to Crows' Nest Station, via the newly graded road south of Crows' Nest Lake. On the flat in front of the famous Summit Hotel some thirty-four cars from all points between Pinehear Creek and Fernie lined up before the photographer, half the circle being on the British Columbia side of the interprovincial boundary and half on the Alberta side. Spence Lyon served refreshments from his old stand, but although this hotel is located amidst a dense forest, no one succeeded in detecting a stick in what they drank.

The minister of public works was here introduced to the assembly by T. M. Burnett, as president of the Crows' Nest Pass Automobile Association. Mr. Stewart felt pleased at the splendid turnout, which he thought represented the feeling of high appreciation of the public of The Pass in the advent of an improved highway. He stated that the new highway was not at all in a completed condition, and that it was the intention of his department to make further improvements in the coming spring, but that for the present this was all that

could be done, owing to stress of times. He informed the gathering that the Saskatchewan and British Columbia governments had decided to co-operate with the government of Alberta in the matter of building a good interprovincial highway from Saskatchewan to Vancouver, via the Crows' Nest Pass, which he felt was the only natural route for the transcontinental national highway. He knew that people not only in the southern part of the provinces mentioned were interested, but that people even north of Edmonton were anxiously looking forward to the completion of such a scheme and would pledge themselves to support it, even financially, if need be. He felt that the time had come when attention to this matter must be given, and that he would like for such legislation to be brought about requiring that the money paid into the provincial treasury for automobile licenses should be devoted exclusively to the building up of provincial highways. He felt that the time had almost passed when the farmer should be looked upon as being connected with the province's basic industry. The government were realizing the vastness of our coal resources and the importance of development of the coal mining industry, that the farmer had already come into his own, and now came the edge of the mine. He was glad to see many present from the province to the west, and trusted they would realize the benefit of the newly inaugurated road.

Return was made to Blairmore, where a grand banquet was served at the Cosmopolitan hotel at 7.30. The honours of toastmaster fell upon the president of the local automobile association, the principal speakers being, Messrs. Hon. Charles Stewart, Hon. A. McLean, Dr. D. C. MacKenzie, A. McNeill, of Fernie, J. E. Gillis, R. Green, G. A. Lavoie, Blairmore; W. L. Guimette and A. M. Morrison, Coleman.

Annual Meeting of Red Cross

The annual meeting of the Blairmore branch of the Canadian Red Cross Society was held in the Oddfellows' hall on Friday night last and was largely attended.

The president, Mrs. J. M. Carter, occupied the chair, and after a few preliminary remarks dealing with the work of the branch during the year, called upon the secretary for the minutes of the last annual meeting, which were read, and on motion approved. The secretary, Mrs. J. R. Smith, then read the following very encouraging report of the local branch for the past year, being the third annual report:

"In presenting the third annual report of the Blairmore Branch of the Canadian Red Cross Society, we feel that it shows an increased interest in both working and giving for this splendid cause."

"Our membership for the year numbers 80—seven life members, fifty-three active members and twenty associate members."

"The total amount of money received during the year was \$2,004.55. A large part of this sum was donated by public and private subscription, the remainder made up of membership fees, proceeds from dances, etc. Our expenditures for the year amounted to \$2,403.62. None of this money was spent in wages or salaries, less than sixty dollars was spent for incidental expenses, the balance being all applied on Red Cross supplies or sent as cash to Calgary."

"A regular weekly meeting has been held during the year and large shipments sent out to Calgary, the tangible result of labor done both at these meetings and at home. Seven shipments have gone to the provincial depot, and our workers have been uniformly praised for their business and diligence. A total of 4,200

articles stands to our credit. This total includes about 1,300 pairs of socks."

"In concluding this report, I wish to add my warm thanks to everyone who has assisted in our work, either by giving or by working, and to express the heartfelt wish that if the coming year sees no end of the need for this line of endeavor, that we may put forth increased effort and do even more to send aid and comfort to those 'over there' who are wounded, sick and helpless."

Respectfully yours,

Ada N. Smith, Sec.-Treas.

Following the reading of this report, Mr. J. E. Gillis was asked to take the chair and superintend the balance of the evening's programme, which consisted of music and singing, and last, but not least, refreshments. The musical and vocal items were furnished by Messrs. Shaw, Green and Smith and Mesdames Green and Smith, while addresses appropriate were given by Messrs. J. E. Gillis, W. Shaw, F. M. Plunkney, R. Green, Sgt. Carter and Rev. J. Fulton.

Comparing the work of each year, the following figures quoted by the president are indeed interesting, and prove that the local branch of the Red Cross Society is fully alive and flourishing: From October, 1914, to September, 1915, 5,484 articles were made up; from September, 1915, to September, 1916, 6,388 articles; the above respective periods the sums of \$666.50, \$1,542.50, and \$2,004.55 were received in cash. Number of members in 1914-1915 60, 1915-1916 50, 1916-1917 80. The above articles represented seven shipments, and included pyjamas, surgical shirts, "T" bandages, many-killed shirts, wristwraps, rubber slings, bed sheets, wash cloths, towels, pillow slips, slippers, nurses aprons, 234 pairs socks, etc.

Ten Dry Commandments

By Minister of Agriculture for Sas-
katchewan.

1. Thou shalt have no other occupa-
tion than farming.
2. Thou shalt follow thy land every
third year, being careful to plow it both
early and deeply.
3. Thou shalt cultivate thy fallow and
not allow weeds or any other thing that
is green to grow thereon, or winds to
blow through it, for in such way the
moisture which thy fallow should con-
serve will be wasted and thy days will be
nothing but labor and sorrow.
4. Thou shalt not despise the harrow,
but shalt use it even whilst thou plowest,
and shalt place thy chief reliance upon it
thereafter whether in early spring, late
spring, midsummer or autumn.
5. Thou shalt sow good seed early and
down into the moisture, lest peradventure
it cometh not up betime. He who
soweth his seed in dry soil casteth away
many chaffs of reaping.
6. Thou shalt not overload thy dry
land farm with seed, even as the mercen-
ry man doth not overload his ox or his
ass. Thin seeding best withstandeth the
ravages of drought and hot winds.
7. Thou shalt keep on thy dry farm
such kinds and numbers of horses, cattle,
sheep, pigs, and poultry as the water
supply maketh possible, and thou shalt
grow pasture, fodder, root and grain for.
Thou shalt be protected against adversity,
and thou shalt give thy children and
children's children cause to call thee
blessed, inasmuch as thou dost not too
greatly dissipate in thy lifetime the fer-
tility stored in thy soil through many
thousands of years.
8. Thou shalt not live unto thyself
alone, thou shalt join the Grain Growers'
association, the agricultural society in
thy district or any like minded organiza-
tion that is good. Through these thou
shalt work unceasingly for the welfare of
thy district and the upbuilding of Sas-
katchewan agriculture.
9. Thou shalt study thy dry land farm
and its problems, u. e. wisely, and, pos-
sible on ways and means whereby its fruit-
fulness may be increased, keeping always
in memory the fact that not alone by
speeches and resolutions, but also by in-
telligent and timely hard work shall pro-
duction be increased and the economic
salvation of the country be wrought.
10. Thou shalt not covet thy neighbor's
big farm. Thou shalt not covet thy
neighbor's big fur, nor his mort-
gage, nor his worry, nor his hurry, nor
anything that is thy big neighbor's.
Remember these dry farming com-
mandments and keep them wisely.

Canadians in Flying Corps

Thousands Have Joined the New
and Thrilling Army and
Naval Service.

Ottawa, Oct. 11.—Recent spectacular
feats of Major Bishop, the Canadian
aviator who has won all the medals for
valor available in the British army, has
called attention strikingly to the manner
in which young Canadians have taken to
the new manner of fighting in the air.
Canada has sent to the war some of the
finest air fighters developed in recent
years.

The air services take only men under
twenty-five years of age to train as pilots.
These young men must be of the finest
physical and mental type, active, alert,
and unusually intelligent. From Canada
over one thousand of such young men
have joined the Royal Flying Corps as
aviation cadets in training and over five
hundred and fifty are officers in the
Royal Naval Air Service, the naval branch
of the flying service. Besides this, three
thousand Canadians have joined the
Royal Flying Corps as mechanics, help-
ers, etc., the rank and file of the corps.

It is said to be an encouraging evidence
of the spirit of the Canadian people that
so many young Canadians have joined
the most difficult and arduous service;
also, to be further proof of Canada's deep
and sincere interest in the war.

An error crept into a recent is-
sue of our paper, in reference to the
amount of net proceeds from
the Labor Day sports held at Hill-
crest. Instead of \$193 the amount
sent to Calgary Red Cross was
\$293.

It is easy enough to be happy
When life is a bright, ray, wreath;
But the man worth while
Is the man who can smile
When the dentist is filling his teeth.

Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an
open stretch. You'll like it, and will be surprised how easily the
Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is some-
thing good in store for you. It is vastly different from just riding—being
a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—
are driving Ford cars and enjoying it. A Ford stops and starts in traffic
with exceptional ease and smoothness, while on country roads and hills
its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

Pay Will Be The Same

Men selected under the Military Service Act will receive the same pay as
those now on active service receive. Pay will start from the time a man reports
for duty. Money from the Patriotic Fund and Separation Allowance will also be available for selected men.

Canadian soldiers are well paid. The fact that
wages in Canada are generally higher than those paid
in Europe is recognized in the system of remuneration
for men on active service. Clothing and
all equipment in addition to food is also
supplied to the Canadian soldier, leaving
him with no expense except personal
incidental.

The rate of pay for men in the
Canadian Expeditionary Force, other than
commissioned officers, is as follows:

	Pay	Field Allowance
Warrant Officers	\$2.00	30 cts.
Regional Serg. Major, if not		
Warrant Officer	1.85	20 "
Quartermaster-Sergeant	1.80	20 "
Orderly Room Clerk	1.50	20 "
Orderly Room Sergeant	1.50	20 "
Pay Sergeant	1.50	20 "
Squad, Batt. or Co. Serg. Major	1.60	20 "
Colonel-Sergeant or Staff-Sergeant	1.60	20 "
Squad, Batt. or Co. Q.M.S.	1.50	20 "
Sergeant	1.15	15 "
Lance-Sergeant	1.15	15 "
Corporal	1.10	15 "
Lance-Corporal	1.05	15 "
Bombardier, or Second Corporal	1.05	15 "
Trumpeter, Bugler, and Drummer	1.00	15 "
Private, Gunner, Driver	1.00	15 "
Support, Soldier, etc.	1.00	15 "

As in the case of those already gone overseas, Separation Allowances will
be available for those dependent for livelihood upon selected men. The
Separation Allowance is \$20.00 per month for the rank and file, \$25.00 for
sergeants and staff-sergeants and \$30.00 for warrant officers. The experience is
that many men can afford to assign half their pay to dependents, in addition.

A considerable number of men who have enlisted in the Canadian forces
have found themselves better off under the army rate of pay, which is granted in
addition to board, lodging, clothing, equipment, transportation, etc., than they
were while in civilian positions. Their wants are provided for, and they receive a
steady addition to the bank account each month.

Council Contracts For Light Line Repairs

The regular meeting of the Blairmore town council was held last night. Mayor Bevan and Councillors Lagace, Evans, McVey, Christophers and Dutil were present.

The minutes of last regular meeting and of a special meeting held on October 5th were read and approved.

Resolutions were received from the C. P. R. for water-main crossing and ordered filed.

A reply was received from Supt. Cottrell of the C.P.R. to a resolution passed at last meeting, requesting that fences near the Fifth Avenue crossing be removed for the convenience of the travelling public, who are at present very often obliged to creep over the cattle-guards in order to reach the depot or Victoria Street. The superintendent promised that the matter would receive early attention.

The following bills were passed, subject to being approved by committees: D. Mouton, for work on waterworks, \$42.00; W. P. Carr, government meter inspector, for inspection of 18 meters, \$10.80.

Residents of Cement Hill petitioned the council to have a light placed in that neighborhood. Question was left with the light committee, to report.

On motion the secretary was authorized to take steps to collect tax arrears from parties known to be obtaining revenue through rent, but who show no inclination towards meeting their obligations to the town.

The works and property committee was authorized to replank the bridge crossing Lyon Creek on Victoria Street, which is at present in a very dangerous condition.

The question of Joseph Little's fences around public cemetery was left with the works and property committee, to report at next regular meeting.

The following tenders were submitted by John Turner, of Fernie.

Tender No. 1.—For roping and soldering all defective units on primary and secondary lines, also service wires from pole line to buildings that are now connected up to the service known as the town lighting system of Blairmore, town to furnish all material for such work. Will furnish all tools and soldering torches for the carrying on of the work. The above for the sum of \$985.00, to be paid when the work is completed.

Contract No. 2.—For same work as above by the hour. 75 cents per hour for climbers or firemen, 85 cents per hour for saw time, but for standing around all, but to dig right into the work, as well as to see that all work is done to the best advantage. Town of Blairmore to pay all railway fares from Fernie to Blairmore and return, time to start when train leaves Fernie, to be paid for when completed.

In submitting the latter tender, Mr. Turner hoped by it to be able to save money for the town by being able to do work for less than it would be safe to tender for.

Councillor Dutil was opposed to the idea of spending money on a line that the town had not acquired. He believed first in acquiring the use of the pole and service line, then place the same in proper repair; but on motion by Christophers Lagace it was decided to accept tender No. 2 as submitted by Mr. Turner.

The Lawyer's Way

If a man were to give another an orange he would simply say: "I will give you this orange." But when the transaction is entrusted to the hands of a lawyer to be put in writing he adopts the following: "I hereby give and consign to you, all and singular, my estate and interest, right, title, claim, and advantage of and in said orange, together with all its rind, skin, juice, pulp and pips, and all right and advantage therein with full power to bite, cut, suck or otherwise eat the same, or give the same away, as fully as I, the said A. B., am now entitled to bite, suck, cut, or otherwise eat the same orange or give the same away with or without the rind, skin, juice, pulp, or pips, anything heretofore or hereafter, or in any other deed, or conveyance, instrument or instrument of whatever nature or kind forever to the contrary in anywise notwithstanding."

Bellevue Happenings

A. J. Kelly spent the week end in Calgary.

Mrs. George Knowles is visiting friends in Calgary.

R. T. Johnson made a business trip to Fernie the week end.

Misses Hoare and Sinclair spent the Thanksgiving holiday at Macleod.

James Watson, of Michel, is visiting in Bellevue, the guest of Mr. and Mrs. D. Morris.

Mrs. J. Barwick left this week for Monarch, where she intends spending the winter.

Miss Gossie left this week for Cranbrook, where she intends taking a course in nursing.

The Thanksgiving supper held in the church on Wednesday evening last was well attended.

Saturday was pay-day for the Bellevue miners, and the largest in the history of this mining camp.

The Canadian Patriotic Fund (South Alberta Branch) has much pleasure in acknowledging receipt of cheques totalling \$980.00 from the West Canadian Collieries, Limited, covering contributions from their employees residing at Bellevue, Alberta.

A grand whist drive and bazaar will be held in the Union hall at Hillcrest on the evening of Monday, October 22nd, under the auspices of the Ladies' Auxiliary of St. Cyril's Catholic Church, Bellevue. Tickets are now selling at 50 cents each. The affair is to start prompt at 7.30.

Another fatality occurred here last week end, in which William Tyson, an employee of No. 1 mine, lost his life by being caught under a cave-in. Coroner Pinkney, of Blairmore, was notified and empanelled a jury, who after viewing the body gave permission for burial, which took place at Blairmore on Monday, being largely attended.

Cowley Happenings

A train-load of sheep was shipped from here to Magrath this week.

James Connor, of Lethbridge, was a week-end visitor in these parts.

Douglas McWilliams, of Lundbreck, is junior clerk in the Union bank here now.

Miss Blanche Alexander was the guest of her brother, Richard, for the Thanksgiving holiday.

Mrs. P. Fortier has returned from Pincher Creek, after visiting with friends there for a week.

Mrs. R. Swift and family spent Thanksgiving holidays with her sister, Mrs. McLaughlan, of North Fork.

Miss Edna Fulton, of the Blairmore teaching staff, spent the week end here with her sister, Mrs. H.C. Morrison.

Freeman Lank has disposed of his dairy business at Blairmore, and has moved to his ranch at North Fork.

A number of the local Masons motored to Coleman and back on Thursday night last, attending a meeting at Coleman.

On Friday night last a dance was given by Mr. Stoutenberg, of Tennessee district, in his new barn. A jolly good crowd turned out and a very enjoyable time was had by all, as they tripped the light fantastic to many old southern tunes.

The polo dance given in aid of the Blue Cross by the North Fork polo team last Friday night in the town hall was a decided success. The music was furnished by the Pincher Creek band, while the hall was lighted by electricity on this occasion. Needless to say, everybody had an extra pleasant evening.

Mr. and Mrs. M. A. Murphy visited their ranch in Tennessee district last Sunday. They gathered the impression that this ranch would be very unusually productive if under good cultivation, as all the barbed-wire fences were bearing a good crop of wool; and when they built a camp fire at the brook to prepare their dinner, the immediate vicinity, seeing the smoke roll up, were forced to believe that some Indians had squatted there that they might have free access to the excellent pasture the place affords.

A local young lady had just donned a new ring, and at a party wished it to be observed. But seeing that no one paid any attention to her signals, she exclaimed "O dear, I'm so warm in my new ring."
